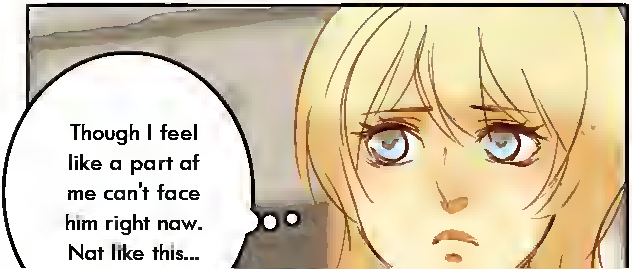
inhales

I wandered
off on my own to

clear my head, but I shauld probably head back...

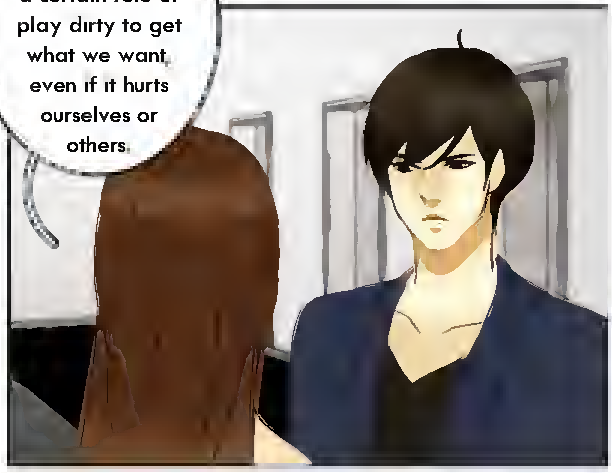


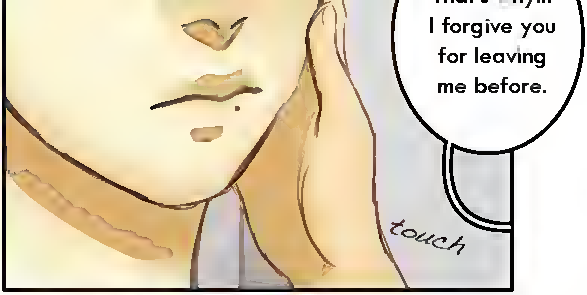
Though I feel like a part af me can't face him right naw. Nat like this...

Don't you get it, Landon? That

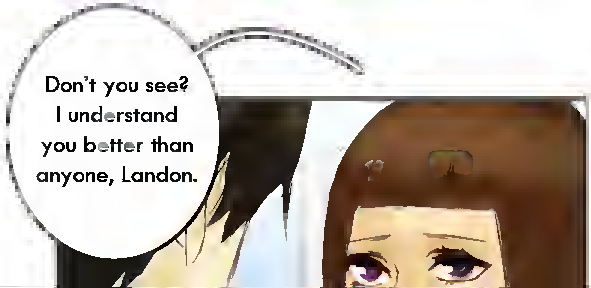
naive girl will never understand the kind of life we live.
She has no idea what it's like to always be critically viewed in the public eye!
Sometimes we have to carry out

a certain role or play dirty to get what we want, even if it hurts ourselves or others.

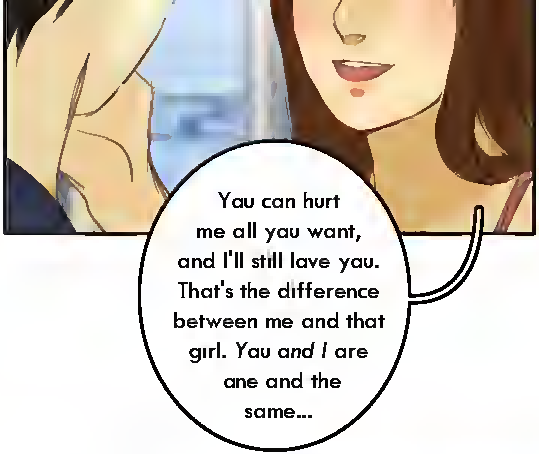




I forgive you for leaving me before.
touch



Don't you see? I understand you better than anyone, Landon.



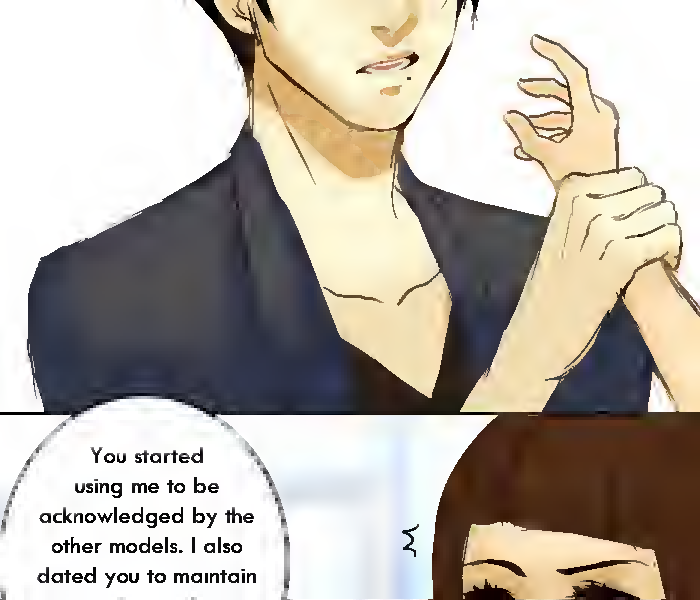
You can hurt me all you want, and I'll still love you. That's the difference between me and that girl. *You and I* are one and the same...

...

is that really "love" though?

Because ta me...

That saunds more like abuse.



You started using me to be acknowledged by the other models. I also dated you to maintain

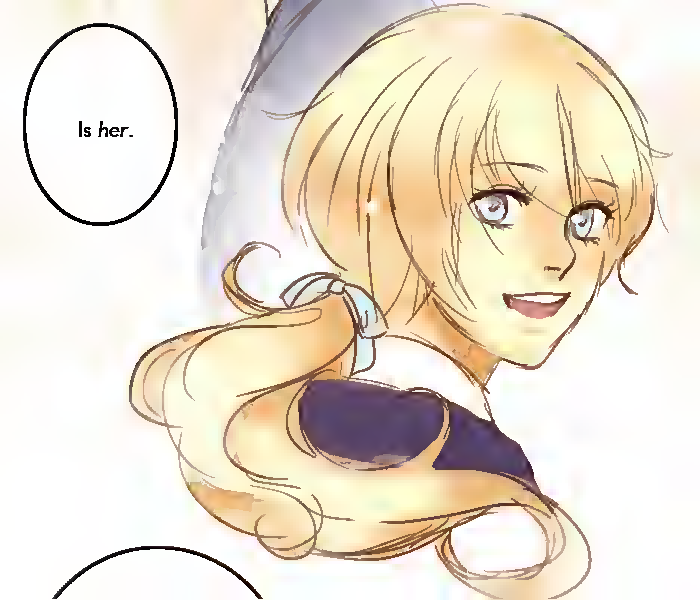
my own image, but we didn't go anywhere beyond kissing.

So you're right when you say we're similar, but is it really possible to be hurt over the loss of a relationship so shallow?

You're not in love with me, Sayo.

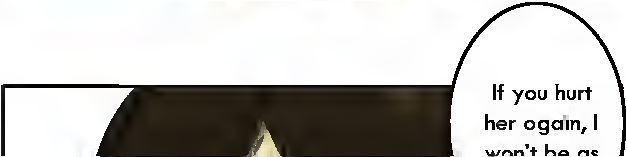
You're in love with the *concept* of me, and I'm not the type of person you think I am.
I don't need someone who can relate to my foults.

What I need, if anything...



Is her.

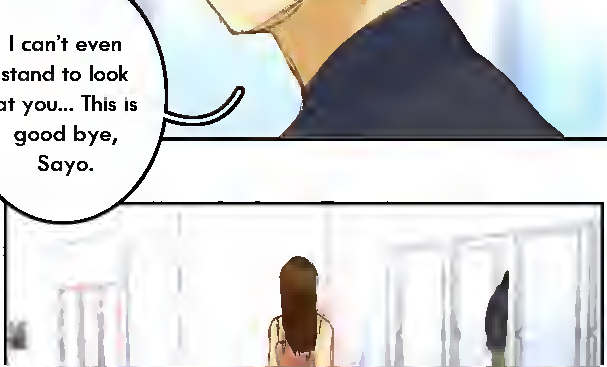
With that said, I've spent too much time here. I have to go find Rachelle now.
Wait, London--

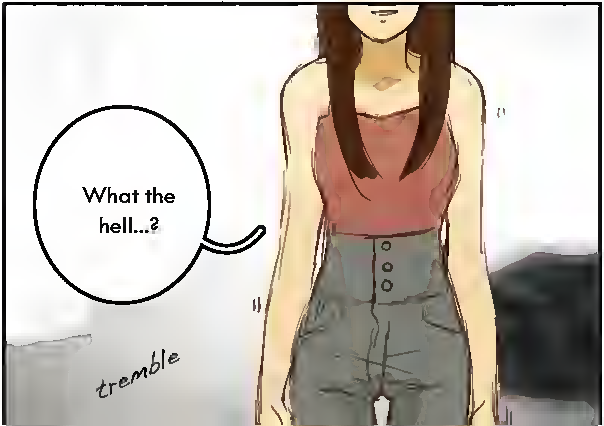


If you hurt her again, I

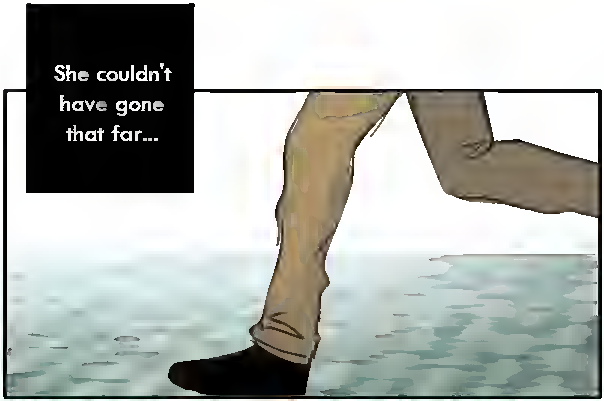
kind.

I can't even stand to look at you... This is good bye, Sayo.

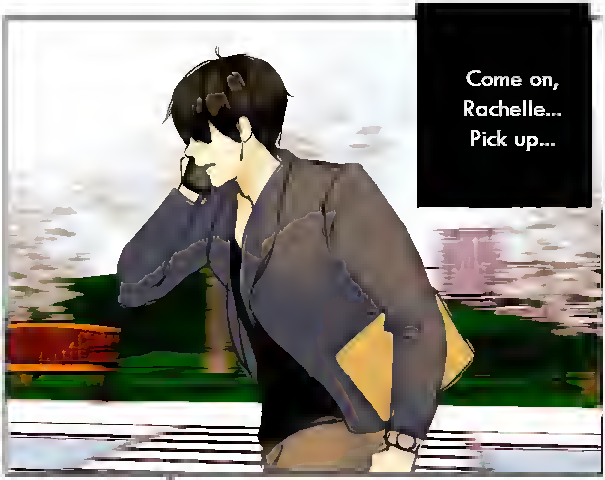




What the hell...?
tremble



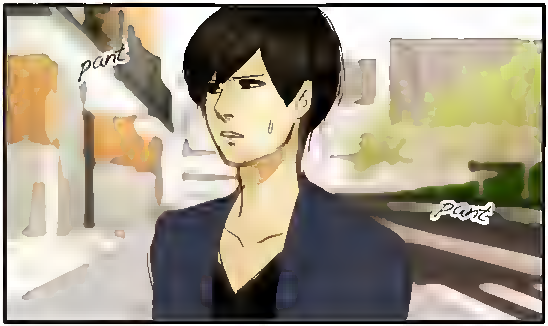
She couldn't have gone that far...

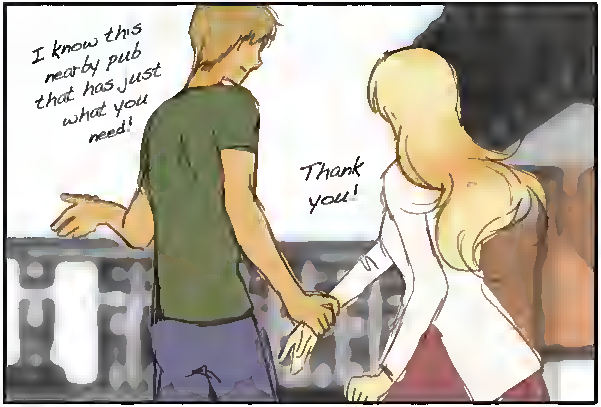


Come on, Rachelle... Pick up...
Your call has been forwarded

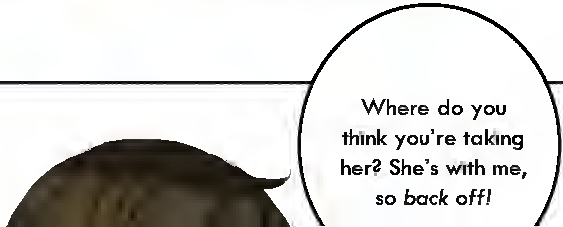
to an automatic voice message system...

grit





I know this nearby pub that has just what you need!
Thank you!



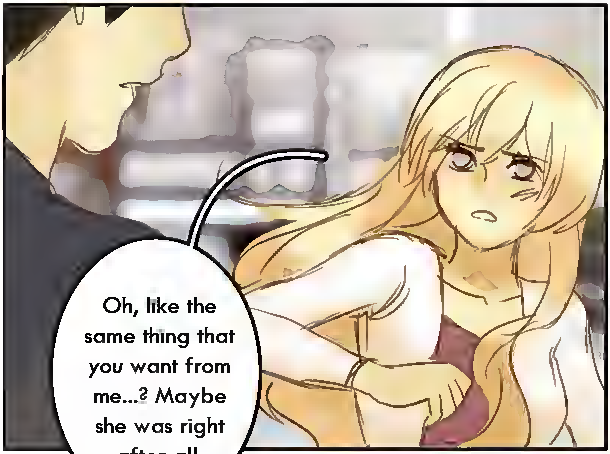
Where do you think you're taking her? She's with me, so back off!

Dindin--?!

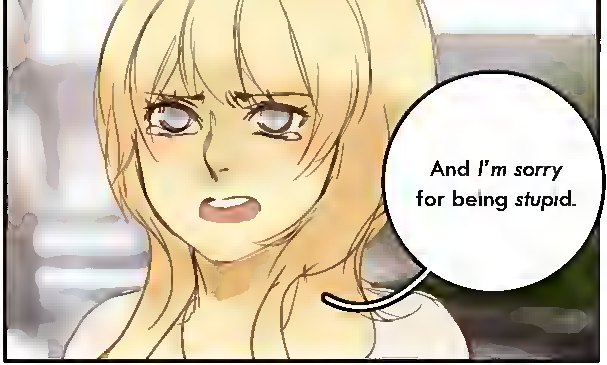
Woah dude, chill. I didn't know she was your chick-- I'm leaving, okay? Damn...
Don't yell at him,

Dindin! My phone died, so I wos looking for a poyphone-- He was trying to help me!
Help you?
You con't trust strangers so easily, don't be stupid!

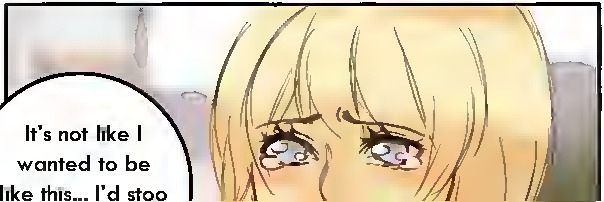
All guys are the same, he obviously just wants something from you!



Oh, like the same thing that you want from me...? Maybe she was right after all.



And *I'm sorry* for being *stupid*.

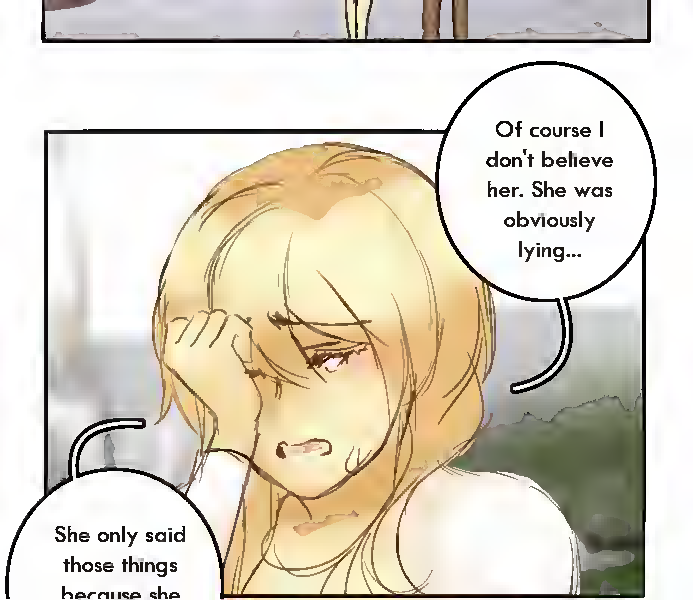


It's not like I wanted to be like this... I'd stoo

being stupid if I could.

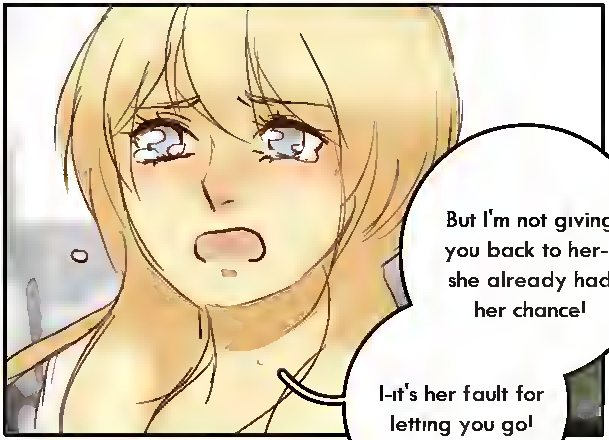
Rachelle... I don't think you're stupid. I was just...
Really warried abaut you. I know that's na excuse far me ta act that way... I was wrong and I'm sarry.

I don't know what Sayo told you, but it's your choice to believe her or not.



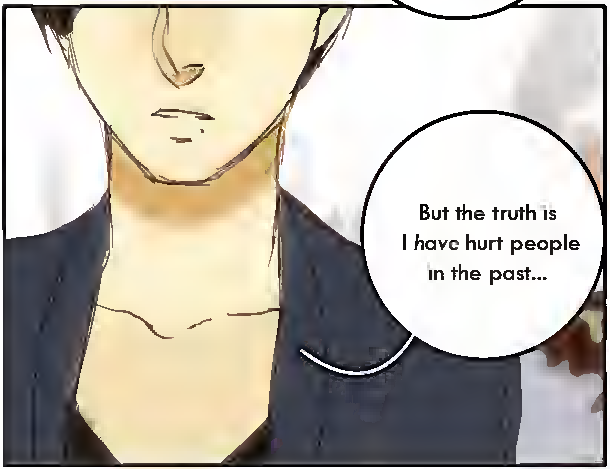
Of course I don't believe her. She was obviously lying...
She only said those things

wants you back.



But I'm not giving you back to her-- she already had her chance!

I-it's her fault for letting you go!



But the truth is
I have hurt people
in the past...

I'm not as good of a person you give me credit for.

And If you want to leave, knowing what she said might be the slightest bit true, I'll understand and respect your decision.

But just so you know...

I don't plon on ever getting over you... even if you do break up with me.

N-no...
I don't want
to break up.
shake

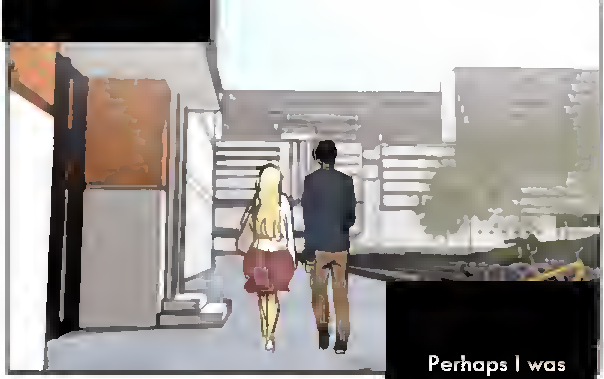
Please...

Let me be
the selfish one
this time.

I want you
all to myself.

Though both of our feelings were properly communicated, that day left an uncertainty my heart.

It was the realization that...



Perhaps I was the "broken" one all along...

I didn't know exactly what Sayo had told her, but what if she believed it deep down...? Moreover, what if it was the truth...?

I didn't even have the caurage ta hald her hand as we walked back ta the academy.
